<sup>1</sup>**Social Security Numbers:** All active Applicants are required to provide Social Security Numbers (SSNs) for their enrolled dependents. The SSN is used as the basis for the Medicare Health insurance claim number (HICN). The HICN identifies Medicare beneficiaries receiving health care services, and assists Medicare in its responsibilities to pay for health care and operate the program. Medicare is required to protect individual privacy and confidentiality in accordance with applicable laws, including the Privacy Act of 1974 and the Health Insurance Portability & Accountability Act Privacy Rule (HIPPA). Please note that the Centers for Medicare & Medicaid Services (CMS) has a longstanding practice of requesting SSNs or HICNs for benefit coordination.
