New BSD Liaison Website: www.benefitoptions.az.gov/liaison

ISSUE/QUESTION

The ADOA Benefit Services Division is replacing the Liaison web page to coordinate with the newly remodeled BSD web site currently in production.

ANSWER

The Benefit Services Division Liaison web site has been remodeled to offer simpler, more efficient access to important documents and resources for our Benefit Liaisons at www.benefitoptions.az.gov/liaison. In the center of the new page, Benefit Liaison's will continue to have access to specific documents not available to our general members. However, information viewed on the left navigation will link back to the main BSD web site. Please spend some time re-familiarizing yourself with the Liaison page.
